Founder's Hall

Never again shall we gaze upon that massive structure as students of Girard. In years to come, when we see its majestic form, it will bring back memories of happy days. Great in symbolism and architecture, it has inspired many, but few comparatively have seen Founder's Hall through the thankful eyes of the Girardian.

Once cold, and foreboding, this building welcomed us to Girard. As we leave for the last time, it is warm and pleasant, bidding us farewell and godspeed. We entered to learn; we depart to serve others.

When we build, let us think that we build forever.

Knowledge comes, but wisdom lingers.

DEPARTMENT OF SECONDARY EDUCATION AND LIBRARIANS

During the last four years the High School Faculty have successfully brought us over the threshold from childhood to adult life. We shall remember them especially for their patience, skill, persistency, and good will in leading us to truth, wisdom, industry, and patriotism. For this we thank them from the bottom of our hearts.

To the Class of June 1950:

We are sorry to see you leave Girard College. So many of you young men have still so much to learn.

For one thing you have to learn to apply in the outside world a lot of the principles which you have been learning in this inside world of Girard. To a certain extent you will succeed in proportion to your success in here. Those who have acquired the art and pleasant habit of liking people, of getting along with people, of respecting and being re-

spected will find outsiders just as pleasant and as unpleasant, as reasonable and as unreasonable, as thoughtful and as thoughtless as those of us who work and dwell inside "the walls."

You also have the extremely difficult task of learning to live in a world whose sense of values has undergone a tremendous change in just the eighteen short years of your lifetime. You will have to learn to make your own personal adjustments to the something-for-nothing philosophy which has become a major component of your heritage; to contribute your opinion, backed by your own action, toward a solution of racial problems, of class problems, and the problem of political and economic ideology.

You have to learn to survive in a world still cowering under the turbulent shadow of the A-bomb cloud. You will have to fight—will the H-bomb on the drawing boards—for the survival of the ideas and the ideals, the truth and the beauty, which have been the inspiration and the strength of mankind since it recognized itself as civilized.

Good luck, boys! A lot depends on your generation. You can lead well, follow well, or just fizzle. We'll be watching and so will the world.

Good Luck!

THE CORINTHIAN

Stephen Girard

The name Stephen Girard implies wealth, splendor, generosity, and a love of mankind. It signifies ascent from poor boy to humanitarian and the foster-fathership of more than 15,000 orphans. As a banker, merchant, and mariner, Girard amassed a great fortune which he left for the care and education of poor, white, male orphans. Many have reaped the benefits of his generosity in the college which he founded.

He was a lover of mankind. When the yellow fever epidemic broke out in Philadelphia, he remained with few indeed to help sufferers. He loved his country. While the United States was at war with England in 1812, and the outcome was in doubt, he gave of his fortune and subscribed heavily in buying bonds to assure victory. The spirit of Stephen Girard will live with us forever.

June 22, 1950

Dear Stephen Girard,

Today our years as "hummers" come to a close, and, as we pause on the threshold fronting a world of conflict, we turn around to relive those happy bygone days. They are the days that have meant so much in molding us into young men who will soon leave Girard, some never to return.

We remember when we first said "Good-bye" to Mom; tears were flowing down our rosy cheeks. But now, as we say "Farewell" to Girard, we feel those same tears not on our faces but in our hearts. Yes, we have a great deal to be thankful for, but we can't find words suitable to express it.

You have been watching us as we slowly traveled the road east, and you have suffered in our sorrows and shared in our happiness. We have surmounted many obstacles in our eagerness to learn, and in our striving we have been modeled into men.

The knowledge, wisdom, and the purest principles of morality that you have taken pains to instill into the minds of us scholars, have prepared us for our places in the world. These and the many other gifts that you gave to poor, white, male orphans have made you a part of each one of us.

"My deeds must be my life; when I am dead my actions must speak for me, as your philosophy of life, is inscribed in our hearts. We now realize the meaning of these words more than ever before; surely your deeds were your life and your actions symbolize in full for all the years to come the wholesome and inspiring life which you lived."

Before we turn to leave your college, we say "Thank you for all that you have done to make our life worthwhile." This expression of appreciation comes from the warmest corner of our hearts, and we hope that we shall live up to all of your expectations as American citizens. "Farewell, dear Girard!"

With deepest gratitude,

Pete is a symbol of leadership, service, and character. After accepting the task of leading us, he went head on into his duties, and has emerged unsurpassed by any who have gone before him. To you, Pete, our thanks comes from the heart.

Dear Classmates,

It is hard for me to write this letter because I realize the time has come to say good-bye to Girard and, most of all, to you. We have grown through the years; yes, we have grown through what seemed to be never-ending school days. I remember those little brawls and happy times that have added their share to make our days in Girard full.

It is impossible for me to say all I feel in my heart. As we leave to adapt ourselves to life outside the walls, let us not in our eagerness to fulfill our own ambitions forget the principles and ideals to which we have been so perfectly molded.

The things that seemed hard to us at times during our journey through the "Hum" will be more fully prized as we go into the careers of life. Some of us may never see each other again, but we shall never forget those faces that have made our life here so pleasant. It will be only natural to shed tears for that is a true sign of brotherhood.

Classmates, I want to thank you for the honor that you have bestowed upon me as President, and for your helpful and generous cooperation in carrying out our activities together to a successful climax.

In concluding, I would like to say, "May God bless each and every one of you, and may He also assure you of a successful and fruitful life."

Sincerely,

Charles Peters

Course: Regular and Electrical

Activities: Echelon Platoon, '49, '50; Supply Sergeant, Co. B, S-2; Cultural Olympics, '49; Activities Night, '46.

Although "Russian's" knee put him out of action in his last year at the "Hum," he is undoubtedly one of the class' best athletes. His good-natured attitude endeared him to us all. "Russian" is a classmate who will always be ours.

"Harry's" high code of sportsmanship dominated his great goal-tending for our soccer team. His thoughtfulness, interest, and perseverance in the battalion made the success of that organization last term. Even though we can't cheer him on now, we know he'll uphold Girard's finest tradition.

Some people say that freckles are caused by the sun, but from Phil we would say that it was just one way of distributing friendliness. Popularity is his middle name.

When it comes to versatility, Ed cannot be surpassed. He "shines" in publications, in the musical organizations, and in dramatics. Many of Ed's honors may be forgotten, but how can we ever forget his laconic boss voice which added to every conversation.

Course: General and Carpentry

Activities: Corporal in Concert Band, '50; Band, 7-A to S-2; Convention Hall Exhibition, '49; Glee Club, S-1, S-2; Cultural Olympics, '47 to '49.

Activities: Student Assembly, S-1; Christmas Concert Playlet, '49; Exhibitor in World Hobby Exhibit, '49; Activities Night, '46; Centennial Pageant, '48; Lieutenant in Recruits, S-1, S-2.

DANIEL ANTHONY STELLA (Danny)

Course: General and Printing

Bill devoted his faith, loyalty, and helpfulness to our service. Although inclined to be quiet, he showed up at every dance and at most class activities. Capable, conscientious, scholarly, and sincere, he will be welcomed wherever he goes.

Course: Practical Arts and Carpentry

Activities: Activities Night, '47; Exhibitor in World Hobby Exhibit, '49; Centennial Pageant, '48; Echelon Platoon, '49; Intramural Championship Numerals, Soccer, J-1, S-1.

Sups is a handsome guy who has carved a niche in our hearts that the roughest sandpaper can never erase. His prowess on the athletic field and in class activities has supplied the sharp edge.

As "Meats" carried the brunt of many a joke, we find it easy to carry him in our memories of happy times. Not all his time was spent boosting us; however, if service were measured in rain drops, "Meats" would be the owner of an ocean. We won't forget you; that's sure.

NORMAN CHARLES WAITE (Norms)

Course: Regular and Printing

Activities: Echelon Platoon, '48, '49; Band, 7-A to 1-2; Girard News Staff, S-2; Glee Club, S-1, S-2; Soccer, '49; Baseball, '49, '50; Co-Captain of Basketball, '49-'50; Activities Night, '47; First Lieutenant of Co. A, S-2.

Norms is one of the best athletes that our class produced. Whenever we think of having fun, we think of Norms, for he is a true socialite. He has the leadership and personality that brings success.

ANTHONY WATKA (Tony)

ALLAN LEWIS WATKINS (Al)

Course: Practical Arts and Pattern Shop

Activities: Glee Club, S-1, S-2; Student Council, J-1, J-2; First Sergeant of Co. B, S-2; Exhibitor, World Hobby Exhibit, S-1; Activities Night, 1-1.

If friendliness and quietness can be judged in money value, Tony is one of the richest. Our loss is somebody else's lucky gain.

Course: Regular and Machine Shop

Activities: Band, 7-B to S-2; Lieutenant of Band, S-2; Swing Band, S-1, S-2; Harmony Club, S-2; Dramatic Club, S-1, S-2; Costs: "Maid of France" and "Cyrano de Bergerac"; Candy Trade, J-1 to S-1; Glee Club, S-1, S-2; President, S-2; Cultural Olympics, '48, '49; National Honor Society, S-2; W.G.C. Announcer, S-2.

Al's really "on the beam" and our loss is someone's lucky gain of a talented musician. There are many good jestokers in our class, but Al's contagious smile and witty humor is outstanding. A personality like his needs no boost to the ladder of success.

LESTER ROBERT WATKINS (Bob)

Course: General and Machine Shop

Activities: Echelon Platoon, '49; Activities Night, '48; Intramural Championship Soccer Numerals, S-1; 1st Sergeant of Co. D, S-2

Many people are well-versed in only one subject but we can boast of Bob's skill in two—mechanics and electronics. He has also proven himself as a football player and a well-informed fan.

BERNARD YAUCHUCZEK (Yak)

Course: General and Machine Shop

Activities: Dramatic Club, S-1, S-2; Art Work for "Maid of France," "The Boy Dove," and "Cyrano de Bergerac;" Echelon Platoon, J-2, Sergeant in Battalion, S-2; Activities Night, '47; Basketball, '49-'50; Soccer, '49; Track, '49.

In "Yak's" character we find good sportsmanship and friendship. On the athletic field he was one of the strongest links in the chain of teamwork and fair play. His modesty and ability to get along with other people will surely lead him to success. It's good-bye now, "Yak," but we'll never forget you.

JOHN YOHEY (John)

Course: General and Printing

Activities: Track, '49; Intramural Championship Numerals, Basketball, '49; Soccer, '49; Lieutenant in Recruits, S-1; 1st Lieutenant of Co. C, S-2.

"Laugh and the world laughs with you," is especially true of John, for when he laughed we all laughed. Not to be forgotten is his ability in sports and class activities. We say "Farewell" with regrets

"What is worth doing at all is worth doing well."

JUNE 1950 IN SOCCER

Our class was very well represented in soccer. Holding positions on the starting eleven were "Norms" Waite, left wing, "Bucky" Albright, inside right, Danny Stella, right wing, and "Harvey" Naughton, goal tender. These four members played important roles in helping our team reach the play-offs. "Bucky" and Danny received special distinction by being named to the All-Independent League Team.

As for excellent reserves, the team was fortunate in having Nick Arcari, Bob Drawbaugh, Charlie Peters, "Yok" Yauchuczek, Earl Guiles, Ken Beynon, Tom Flynn, Ben Rosen, and Girard DiPietro. Serving in the capacity of assistant manager, Jerry Cusatis exhibited a store of growing energy.

"Credit is given where credit is due," so we wish to express our sincere appreciation to coaches Wolstenholme and Otto.

JUNE 1950 IN GYMNASTICS

The fine record of the gym team this year was due in no small part to the representatives of June '50 on the squad. "Doug" Dougiallo, the team's captain, not only placed very well in the meets but also broke the rope-climbing record in his last season at the "Hum" bringing the mark down to a spectacular 4:9.

John Allen and "Cabs" Jackman were the other two members of our class who strengthened the matmen in

the last two seasons. Marvin Weiss capably handled the difficult job of managing the squad during his senior year. As a sophomore, Bill Heider helped the team, too.

Much credit goes to Mr. A. Carl Patterson, their coach, for coaching these gymnasts so expertly.

JUNE 1950 IN SWIMMING

A small but strong representation from our class bid for fame in the pool. The team's captain, Ed Beitel, brought home many laurels for the Girard tank-men while "lying down on the job" as chief backstroker.

A member of the successful relay team, which included Ed Beitel, was Bob Gaughan, who has a crawl which is something to see.

Much of the credit for the work of these two skillful swimmers goes to Mr. Frank Severy, a fine coach and a wonderful person.

JUNE 1950 IN BASEBALL

Not just the desire to win ball games, but sincere cooperation and good teamwork are what have made this year's baseball team outstanding. With fellows like "Bucky" Albright, Earl Guiles, and Tom Flynn so capably handling the hardest job of pitching, our team had to be exceptional.

We all admired Co-captain "Trokes" Metroka who was receiving the ball as catcher. The entire infield was well covered by Charlie Peters at first base, Nick Arcari at the key sack, Captain Dan Stella at shortstop, and "Sups" Suppa and "Champ" Yauchuczek controlling the hot corner.

"Caks" Goliad in left field and "Norms" Waite in center field were just as dependable at fielding as they were at batting. "Gers" Gerhart carried out the important job as manager of the team and was largely responsible for its success. The class is proud of Dan Stella and his men.

JUNE 1950 IN TRACK

Co-captain "Fish" Beitel was one of the team's "sparkplugs" in putting the shot and managing the team. Bob Miller, Harry Naughton, Glen Davis, and "Caks" Goliad all proved their strength behind the shot, too. The discus was hurled by "Geb's" Gebelein. Faithful practice paid off well for our three 100-yard dash men "Yak" Yauchuczek, Ken Beynon and "Squirt" Beahm. Those flashing spikes flying low over the high hurdles were worn by

"Yon" Yohey, and the high jump boys were "Pete" DiPietro and Bob Gaughan. Hank Smallacombe was one of the team's most dependable broad jumpers. "Keybo" Jackman's late switch from the gym team to the pole vaulting for the track team was a gain for the cindermen. Bruce Spragg's managing kept the team on its toes.

1950

THE CORINTHIAN

JUNE 1950 IN BASKETBALL

What our class lacked in numbers on the basketball squad, we made up in quality.

Captaining the team was "Bucky" Albright with "Norms" Waite as Co-captain. The fact that these two were chosen the best athletes of the class speaks for itself.

Charlie Peters and "Kubs" Koprivnikar were two of the starters in the quintet. Contributing to the first team as the reliable substitutes were Don

Stella and "Yak" Yauchuczek. Paul Metraka, who would have added much to the team, was physically unable to play. In our junior year Paul played first string and was expected to be the keystone of this year's team when he met with that unfortunate accident. The task of managing the team was carried out by Bob Miller, who could always be depended upon for a fine showing.

To the coach, Mr. Wolszrenholme, we convey our sincere thanks for the conscientious labor he put into training our basketeers.

JUNE 1950 IN FENCING

Fencing is not to be passed by in our class since two fellows earned two letters each in it.

Francis Koprivnikar won a "G" in his sophomore year and served as captain in his third year in the High School. "Cheese's" skill with the foil saved many a meet for the "Hum." His finesse was sorely missed in the last season when he retired from the strip to play basketball.

Although Dave Pivar didn't have so much reach, he was a man to be reckoned with in any match. Dave's aggressive style marked every meet with thrills. As Co-captain in the '48-'49 season he brought home points as he did while acting as captain in his last year.

Coach Benjamin Rothberg must be cited for his diligent work in making this team into an efficient one.

COACHES

As our teams trot off the field, victorious and jubilant, the man to whom most of the credit is due is usually an inconspicuous bystander—the coach.

We have been fortunate in having for coaches such able men as Mr. Severy, Mr. Groff, Mr. Wolstenholme, Mr. Patterson, Mr. Rothberg, and the head of our athletics, Mr. Otto. Mr. Severy took over the swimming team and his efforts have made it what is today. Coach Groff was the mentor of our promising track team and Mr. Wolstenholme taught our ballplayers the ropes. Mr. Wolstenholme also served as both soccer and basketball coach very capably. Coach Patterson was the mentor who made the gym team a real winner. Mr. Rothberg coached our fencers to success. Until he was appointed Head of Athletics, Mr. Otto served as soccer coach. He is the man who molded the fabulously successful "Hum" soccer team.

These men we have learned to love and respect; as the years go by we shall never cease to appreciate their efforts.

Socials

Diary of a Hummer,
Class of June 1950

Friday, January 28, 1949: Our class took a vacation from exams tonight and were introduced to a new type of pastime, dancing. Dancing is such sweet bliss even when you're not too good at it. The success of "Winter Serenade" is due to Jerry Cusatis' timely sense of humor, and able leadership in "emceeing" the dance.

Friday, May 6, 1949: Our second dance, "Springtime Dreams," was not only a successful experience but also a stimulating one. The Swing Band seemed in excellent form tonight. Bill Heider performed behind the "mike" as Master of Ceremonies.

Friday, June 3, 1949: What an enjoyable way to collect funds for a worthy cause! Some fellows say that tonight's Caen dance was one of the best dances in the history of Girard's social program. Miss McGhee and Miss Frey, along with the "emcee," Mr. Leydon, helped to make the affair the success of the year.

Saturday, October 22, 1949: Seniors at last! But even with our recently acquired maturity we are still tripping on that "light, fantastic toe." As we danced, we listened to Charlie Peters, who ably filled the job of M.C.

Friday, December 3, 1949: Our first house party! This is what we've been waiting for and with good reason. I found one fault with the party though; the time went too fast. Special thanks goes to Mr. Wilson and all the Bordeaux housemasters for a swell time.

Saturday, March 11, 1950: Our last class dance, but it seemed that no one had that thought in mind. Everyone was too busy having a good time. Guiding "Musical Dreams" was witty Mike Mario.

Saturday, April 22, 1950: "Canteen Capers" was the title of tonight's affair. Held in the Student Center, it was enjoyed by everyone, including the waiters. So many people had so much to do with the dance, room on these pages keeps me from listing them.

Friday, April 28, 1950: Our first Allen Hall party, with others to come, was quite a "shindig." Say, Doc, what's the recipe for that punch? It was darn good.

Saturday, June 17, 1950: "Tears in parting make us forlorn." This evening's Commencement Dance is the final treat in store for us on our social calendar. I have been saving my eulogy of certain people till now so that it will be worth all the more. I am speaking of that wonderful group of hosts and hostesses who have done so much for us in the last two years, Miss Deininger, Miss Rhodes, Dr. Haskell, and Mr. Sweigart. Miss McGhee's ceaseless efforts in our behalf will forever be appreciated too.

THE CORINTHIAN

Executive Committee

In J-2 we recognized the leadership, character, service, and sincere devotion that were so handsomely becoming to Charles Peters. Since then he served as Vice-President of the class in S-1, from which position he rose to become President of the Graduating Class.

To assist him, we found Marvin Weiss in the Vice-President's spot, Lewis Benton ably handling the Secretarial duties, and Robert Owens as treasurer.

Leading the new Student Government, was Marvin Weiss as President and Charles Peters as Co-Chairman of the Cabinet. They were assisted by Francis Koprivnikar, who served competently as Secretary, Earl Guiles, William Heider, and Girard Cusatis, who proved able as active members.

Fellows, you have completed a good job as leaders and representatives of the class. The Class of June 1950, is proud of you.

JUNE 1950 IN THE NATIONAL HONOR SOCIETY

Character, leadership, service, and scholarship are the four qualities designated by the National Honor Society as the attributes of its members. Nine members of our class were found to have them.

The President of this organization, Marvin Weiss, along with its Vice-President, Edward Reynolds, and Robert Drawbaugh were the three men initiated into the society in the J-2 term. In S-1 two more members of June '50 were found worthy

of membership in this national organization. They are William J. Heider and William J. Stratton, who graduated as Secretary of Girard's chapter of the society.

As we completed our careers at Girard, four more fellows were brought to the stage to receive the pins which mark them as members of the society. These four boys were Earl K. Guiles, Bruce C. Spragg, Allan L. Watkins, and Robert S. Owens.

In future years these boys will be our best leaders and show that they were worthy of the honor of membership in the National Honor Society.

JUNE 1950 IN THE DRAMATIC CLUB

To dramatics our class contributed more than an average number of boys. Serving as president of this organization was Anthony Pellegrino. Donald Eberhart and Bruce Spragg were Vice President and Secretary respectively.

The first members of our class to make an appearance on the stage were Bill Heider, Ray Hill, and Emmett Mario, who made their debut in our junior year in "She Stoops to Conquer." Bill Heider portrayed one of the main characters while Ray Hill and Emmett Mario held minor parts.

Again in S-1 Bill had a leading role in "Maid of France." Another top part went to Don Eberhart. In the other play of the same evening, "The Boy Dave," Ed Reynolds depicted a main character while Bob Drawbaugh had a minor role.

In the final play of our stay at Girard "Cyrano de Bergerac," the leading roles were filled by such prominent actors as Anthony Pellegrino, Donald Eberhart, William Heider, Edward Reynolds, Allan Watkins, and Dick Gebelein. Assisting in the form of lesser roles were Ray Hill, Ronald Gerhart, and John Alie.

As we leave Girard, we know we shall never forget Mr. Andrews. Under his direction the boys have produced great plays which will never be forgotten by his audiences.

JUNE 1950 IN THE STUDENT CENTER

We are justly proud of the part that the six members of our class have played in the success of the Student Center during its single year of existence. They have won the admiration of all who have visited the store.

Taking all the headaches of a General Manager, we find that short-fellow Girard Cusatis who has done much in bringing the shop to present success. The many pleasures we now enjoy are due to Jerry's initiative. Jerry, if you ever own your own business, we hope it will be as successful as this one.

Assisting him was Art Gallagher, who has done his share in managing the store and also the dances. Bernie Narolewski handled the business transactions and records, and Bill Heider acted as decoration manager.

Many of you may have bought the Girard Calendar, but few of us realize it was designed by Bob Drawbaugh and Bill Heider.

Mr. Caswell MacGregor represented the College in the management of the Center and gave much of his free time to supervising the work of the store. We wish to thank him for his interest and help in the project.

JUNE 1950 IN THE BATTALION

This term's combat team soon proved its ability to cooperate efficiently and produce precision drills and splendid parades. Cadet Major "Kubs" Koprivnikar has every reason to feel proud of this organization judging from the large number of outstanding officers our class contributed.

Captain-Adjutant Harry Naughton and Captain-Inspector Paul Metroka were in there at all times helping Colonel Hamilton and "Kubs" guide the battalion toward a successful ending. The boys inside this organization that really made it click as a team were Captains Dan Stella of Company B, Bob Drawbaugh of Company C, and Charlie Peters of Company D.

Our fellow classmates who capably served as the officers closest to the men were lieutenants "Norms" Waite, "Yon" Yohey, Nicky Arcari, Bob Owens, and Lowell Jackman. The sturdy fellows supporting and guarding the symbol of the "Home of the Brave" were Sergeant-Major "Bucky" Albright, Sergeant - Quartermaster "Doug" Dougallo, Color-Bearers Bob Miller and Bob Gaughan, and all of the Color Guard.

The tough job of training the raw tenderfoot recruits fell to Lieutenants Art Gallagher, Bill Schoel, Tom Flynn, Bruce Spragg, and Recruit-Instructor "Pat" Profeto.

A major portion of the success of this term's battalion certainly belongs to Colonel J. M. Hamilton and Master Sergeant J. Gratz. We gladly take this opportunity to thank them for all they have done for us.

JUNE 1950 IN THE BAND

In the band many members of our class found an activity that was both fun and service. The trips to Atlantic City and New York, and the annual May Day concerts at the Zoo stand out. Then came the drudgery of practice which led to the roar of applause as we concluded a number. Such music! "Finale from the New World Symphony," "Bolero," and "Sequoia" are pieces we can never forget.

George Golias served as leader during the past term and under him were Girard DiPietro, George Ounan, Marvin Weiss, and Allan Watkins. Our first Sergeant was Dave Pivar. Under these leaders we completed a highly successful term.

The band's personnel was Marve Weiss, Al Watkins, and Benny Rosen, clarinets; George Ounan and George Golias, trumpets; Dave Pivar, flute; Pete DiPietro, drums; Eddie Otto, horn; Bill Heider, bassoon; Bill Hill, bass fiddle; and last but hardly least, Don Eberhart, tuba. Ed Reynolds was our capable drum major.

To Dr. Horning, Mr. Morrison, and Mr. Frey, who developed in us what abilities we may possess, we say sincerely, "Thanks!"

JUNE 1950 IN THE GLEE CLUB

Our class found in the Glee Club an organization dedicated to helping us attain a mature appreciation of music. This it did, but at the same time it gave enjoyment to both members and audience.

Along with the hard work of preparation, we found time to enjoy this work. We shall remember Dr. Harry Banks as the man who started us on our musical way. After he left on a leave of absence, we found in Dr. Ralph V. Horning, his successor, a new kind of leadership and inspiration. Under his tutelage we rose to new heights. To Miss Juliet C. Stacks, our wonderful accompanist, we owe a debt of gratitude. We cannot easily forget her quick sense of humor and her confidence in us.

Our officers were responsible for keeping our enthusiasm and spirit high. With Allan L. Watkins as our President and George A. Golias as Vice-President, the Glee Club had real leadership. Other co-operating officers were Raymond Hill, Gerard DiPietro, and Edward Otto.

These leaders, instructors, and fine companions made the Glee Club one of our most enjoyable activities.

JUNE 1950 IN PUBLICATIONS

As for literary and artistic talent, our class possessed more than its share. Three of the most capable editors-in-chief the school has had in years manned our three important school publications: William Heider, THE GIRARD NEWS, Marvin Weiss, THE GIRARD MAGAZINE, and Robert Owens, THE CORINTHIAN.

Assisting William Heider on the GIRARD NEWS were Associate-Editor Robert Drawbaugh, News-Editor Edward Reynolds, Sports-Editor Daniel Stella, and the columnists, John Allen, Richard Gebelein, Girard DiPietro, and Edward Beitel. The positions of typist, business manager, and photographer were filled by Lewis Benton, Girard Cusatis, and Lowell Jackman.

Marvin Weiss' staff consisted of associate-editors Lewis Benton, Bruce Spragg, and David Pivar. Heading the art workers were Pasquale Profeto and Earl Guiles.

As a result of the efforts of these competent staffs, the three publications stand as examples of the best in Girard's literary history.

Without the guidance and assistance of the faculty sponsors and printing instructors, producing these publications would have been impossible. Thank you, Mr. Foust, Dr. Dunlap, Dr. Haskell, Mr. Daffin, and Mr. Bonekemper.

JUNE 1950 IN THE SWING BAND

Starting this term with a new and inexperienced group, "Pete" DiPietro, with a lot of hard work and encouragement, worked up one of the finest bands of the past several years.

Pete himself started out two and one-half years ago, and he has built his band on the experience of the five bands in which he has served. Marv Weiss and Al Watkins played in the sax section, and the two Georges, Golias and Ounan, lent their trumpets to the brass section. All these had had previous experience so they became the nucleus of the band.

Joining the last term, Bill Hill thumped the bass notes on the fiddle and Ed Otto ably handled the vocals.

Jack Allen and Ed Beitel served in the humble position of manager.

To these members of the band who worked many long hours to play for our dances, the reward came in watching people enjoying themselves. To all who worked so hard "Thanks! Thanks very much!"

Allen Hall Life

Dr. White, Dr. Zeil, Mr. Gratz

Our Life in Allen Hall

This Allen life too soon did fly
Past joys that are still crystal clear;
It'll linger through our long career
For it the future'll bring a sigh.
Those happy faces will linger still
Though earthly pleasures make them hie;
We'll hush our sorrow with a sigh—
"Farewell, dear temple on the hill!"

Yes, it is hard for us to say good-by forever to our happy life in Allen Hall after so thoroughly enjoying these last six months. Although some of us will never again see it in reality, we'll always treasure it in memory. Its imprint upon our minds has been set like a heavy footstep in the sands of time.

To Dr. Zeil, Dr. White, and Mr. Gratz, our guides and friends, we express our appreciation for a sincerity and true friendship which have made it hard indeed for us to say farewell. We'll never forget our after study parties in Dr. White's room, our house parties, the fun we had in the pool room, the daily morning inspection, the "temperamental" showers, and all the other little events which were a part of our routine. They were never too busy to greet each of us night and morning; these and other small courtesies have made our relationship intimate indeed.

And now, dear Allen, highest in our hearts at Girard, we sadly but fondly bid you good-by.
